## Hi Flyers !

A new newsletter editor brings a new newsletter format!

The following columns will appear monthly:

- ? **WHAZ---UP** This is an explanation of calendar dates and current club news
- ? **RUMORS FROM H.Q.** Messages from the club leaders
- ? **SHOW ME THE MONEY** The treasurer's report

The following columns will appear if I receive or find enough materials to write them:

- ? **CHEERS AND JEERS** A column of congratulations for and from members also complaints from members and field incidents reported by members
- ? **LIKE NEW** An advertising want or sell column for members only
- ? **GIGGLES AND SNORTS** Tid-bits of borrowed humor-also my own sense of slap-stick, twisted humor may occasionally be found anywhere in the newsletter . I love to tease members in print. For dueling information and times contact Tammi.
- ? **TALKING TIPS** A column of helpful hints or good flying advice

### WHAZ---UP

- ? Club meeting: Wed. Jan. 17 at 7:00 pm. --- at the police station on 10<sup>th</sup> and G streets

Usually the meeting is on the 2<sup>nd</sup> Wed. It had to be changed to the 3<sup>rd</sup> Wed. ( Jan. 17 ) because the police dept. is repairing its' floors.

- ? AMA convention in Onterio, CA. The different manufactures provide expert lectures on their products. It's a nice way to meet and obtain the E-mail address of an expert. The convention has a good swap meet if you're there early. Most sellers on the convention floor will give a discount or at least drop the sales tax; but is it worth the travel expense and time to save a few bucks? Now, if you're like me and can sacrifice a few boring convention hours to turn the remainder of the stay into a mini-vaction; then I'll see you there!
- ? NCRC Scheduling: N. CA. club Presidents will gather to harmoniously schedule their events. It takes two to three weeks for the organizer to publish the master schedule. Once I receive the master schedule, I will post on the monthly calendar those events from the clubs who have supported our events in the past, so please keep me informed of those clubs who have attended our events. I will also post a copy of the NCRC master schedule on the bulletin board at the field.

LATE BREAKING NEWS:

## WE'VE BEEN ROBBED

Apparently, around Thurs. night ( Dec. 14 th ) some “rat bastard” used a bolt cutter and torch to break into our storage container stealing anything of value, except for the tables and chairs. According to police, burglaries are very common in December. If we are to learn anything from our misfortune, it is to guard our own property more closely during this time of year. As to our container, no high dollar item should left in it. Any item of value should be recorded by a club officer and given in safe-keeping to a club member who has homeowner’s insurance.

The police asked us to put **their lock through our lock** on the front gate so they would have access to patrol the area.

### When locking the gate, it’s **LOCK TO LOCK**

**A little more about the columns in the newsletter !**

**TALKING TIPS: Help! Help! Help!** If you use a special building technique or a useful short cut; tell me about it!! (341-0519) If you know of a useful or unusual tool; tell me about it!! How about a useful or unusual field technique or gadget; tell me about it!! For example, I know a flyer that uses a pesticide sprayer as a gas pump; it’s cheap and works great! The details to make the pump work will appear in a future column.

If you want to know the conditions at the field; fog? ; temp; wind speed and direction, plus a boatload of great information ( Tammi says “ his weather predictions are amazingly correct” ) then use these directions to his website.

[www.wunderground.com](http://www.wunderground.com) now in the search box at the top left corner of the screen type in oakdale, ca and click the search button. This private weather station is very close to our field

**LIKE NEW:** If you want an item or want to find out where to buy it, this column will tell the members about your desires. Also if you wish to sell an item, this is where it will be advertised.
