Current News

The February Club meeting will be held at the flying field. The meeting will be on February 18, 2017 at 10:30 am. The meeting will be canceled if there is rain on that day. The monthly meetings will be a themed meeting. The upcoming February meeting will be 3D plane meeting. Bring any type of plane that can be used for flying 3D. This may be a foamy to a 42 percent. You do not have to fly it, just bring it to the club meeting.

Now that duck/goose season is over with, the 10:00 am restriction for entering the club field is lifted. The last of the season was the last weekend of January.

We currently have a policy that a non-member can fly at the field up to three times (provided they are not flying at a sanctioned event). After that, the non member must join the club prior to further flying at the field. This policy was discussed at the January meeting, it was decided that there are too many different situations where the current policy would be not practicable as currently stated. During the next couple of meetings, we will be discussing how to update this policy.

If you are in charge of an event, please ensure that the toilet is cleaned out prior to the meet to be able to handle the extra people during these events. Just call TP Express (in Oakdale) to get them to come out. If the event will generate a lot of pilots and visitors, please order an extra toilet to handle the larger crowd.

During the west coast AMA meeting, a new

CD category was discussed. It is called a Junior CD. The Junior CD can officiate on all non-sanctioned events. Please see the AMA web site for more information.

We have our Pylon races scheduled for August 26-27, 2017. More information will be forthcoming during the next few months.

We will also have a work day one week before any event at the field. Even if the clean up day date is not in the newsletter, just assume that clean up day is always the Saturday prior to the event.

The 21st annual swap meet will be held on March 25, 2017 starting at 7:30 am. See events on the web site for the flyer with more information.

Some silly jokes

Q: What's the difference between a jet engine and a flight attendant?

A: At the end of the flight the jet engine stops whining

Q: What's the difference between a fighter pilot and God?

A: God doesn't think He's a fighter pilot.

Q: What do you call when you're sick of being in the airport?

A: Terminal illness.

Q: What do you get when you cross an airplane with a magician?

A: a flying sorcerer.
